

5TH WORLD CONGRESS ON JUSTICE WITH CHILDREN

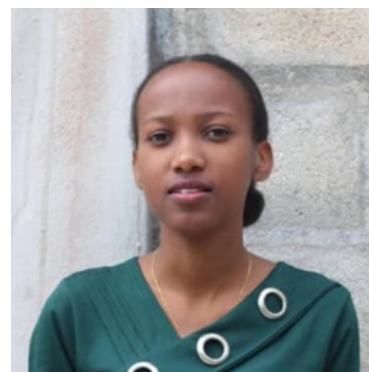

“ADVANCING CHILD-CENTRED JUSTICE:
Preventing And Responding to Violence Affecting Children In Child Justice Systems”

CHILD AND YOUTH ADVISORY COMMITTEE

JULIE VICTORIA FRANKLIN

*Member and Steering Committee Representative
of the Justice With Children Child and Youth
Advisory Committee 2025*

I am a 22-year-old Haitian student pursuing a bachelor’s degree in Educational Sciences and Social Work. I work as a part-time social sciences teacher for 7th, 8th, and 9th grades and am also a web developer, focusing on integrating technology into Haitian schools—this will be the focus of my thesis.

Since the age of 15, I have worked closely with children, starting as a teaching assistant and later supporting students through the “Help After School” program by assisting them with lessons and homework. I also contributed to a girls' youth club aimed at fostering autonomy, leadership, and entrepreneurship among young girls.

Elected as a faculty representative with a team of three, I co-founded a student club to promote discussions about improving Haiti’s education system. I plan to pursue a master’s degree and become an instructional engineer, developing digital tools for Haitian schools. Passionate about theater and karate, I am dedicated to being a voice for children, advocating for their rights and striving to build a world where justice, equality, and peace prevail for all
